Learning Expectations by the end of Foundation in Statistics and Probability:

- For students to understand and use the terms ‘will’, ‘won’t’ and ‘might’ in relation to familiar events.
- For students to gather responses and collect information.
- For students to answer yes/no questions about data.
- For students to sort data into sets and categories.
- For students to represent data with an object or drawing.
- For students to create a picture graph and column graph.
- For students to describe data displays.

Note: All children are different and in any class there are a wide range of abilities. These goals are a GUIDE only. Your child may not reach these levels, or may exceed them. If you have any questions or concerns please see your child’s teacher.
